

TACCIA®

「JEANS INK」

Nakabayashi

TACCIA introduces the new Jeans Ink as part of their fountain pen ink series. Like the fountain pen that adjusts to the writer's hand after using for a long time, the jeans fit to the body as well.

The inks express the color tone of jeans in seven colors from Black to Aqua Blue, depicting the attractive colors of jeans that changes upon continuous wear.

Jeans Ink has the perfect balance of permeability and viscosity to ensure nice flow of ink onto paper while being gentle on the pen nibs. The ink is carefully formulated with neutral pH value so that it does not damage resin or celluloid fountain pens.

TFPI-WD401-1 BLACK 08375 7

TFPI-WD401-2 DARK NAVY 08376 4

TFPI-WD401-3 NAVY BLUE 08377 1

TACCIA JEANS INK

TFPI-WD401

Ink: Water-soluble dye and aqueous ink 40ml
 Bottle / Glass, Cap / Polypropylene,
 Packing Material / Polyethylene
 Unit size: W60xD60xH56mm
 Weight: 165g
 Carton: W320xD310xh150mm/ 8.8kg
 QTY per carton: 50

Package is designed by Fountain Pen Illustrator, Hiroshi Sato.

He was born in Fukushima in 1978 and raised in Kyoto. Graduated from Kobe University. After working as illustrator and graphic designer, he worked for web production and publishing companies. In 2015, he launched "Solti Frog Design Studio" and started a career as a designer and fountain pen illustrator. Currently, he is pursuing how to enjoy painting with a new technique using a fountain pen.
